Mary Riker, RPA-C

General Surgery Department
St. Francis Hospital, The Heart Center
100 Port Washington Blvd
Roslyn, NY 11576

Dear Mary Riker,

I am a Physician Assistant student graduating from CUNY York College in February 2021, with a Master of Science in Physician Assistant Studies. I am pleased to express my strong interest in the General Surgery Physician Assistant position at St. Francis Hospital.

During my surgery rotation from October 2020 - November 2020, I witnessed how important PAs played in a role in general surgery. From pre-op to post-op, PAs collaboratively worked together with the entire healthcare team to ensure the patient received excellent care. It was inspiring to watch and learn from the PAs as they first-assisted surgeons, and I strive to be apart of this intelligent, hardworking, and dedicated team. With my collaborative nature, willingness to learn, and growing knowledge of evidence based medicine, I believe I would become a valued and trusted PA to the entire surgical team.

I am confident that my passion for general surgery, combined with my prior experience at St. Francis Hospital as a Patient Care Associate, will help make a difference for patients in need of outstanding care.

I look forward to an opportunity to speak with you soon. If you have any questions please feel free to contact me via email or phone.

Thank you for your time and consideration.

Sincerely,

Angelina Gambino
